

I was aggressively searching for an SEO company that would build my presence on search engines like Google, Bing, etc. and one of the primary ways to do that was by getting an SEO provider that would put my company on 1st page of Google, ranked 1st and also generating positive customer review.

In my search for an SEO company through word of mouth and the internet I was able to find RankingbySeo, which is an outstanding, low cost and highly efficient service provider. I therefore signed up for their SEO service and I have never looked back.

I have a magnificent team headed by Gaurav Shandil. Gaurav and his team are very understanding and thrive for the success of my business and are always on hand 24/7 to resolve or maintain any issue at moment's notice. I have been with RankingbySeo for four months and my sales are rising each day, my presence known and ranked on 1st page of Google. I 'm very pleased and happy to be working with them.

Bless you RankingbySeo and Gaurav and his team for their services.

Kind Regards,

Dan White,
